

# LONGFELLOW 3

**Longfellow 3 chewings fescue is an elite variety with improvements in overall turf quality and especially high marks for disease resistance. It will perform well in traffic, heat and shade.**

Longfellow 3 is designed to be used in mixtures, typically with perennial ryegrass and Kentucky bluegrass or other mixes where chewings fescue is a desirable component.

**Use**

Golf courses  
Landscaping  
Sod turf growers  
Sports fields

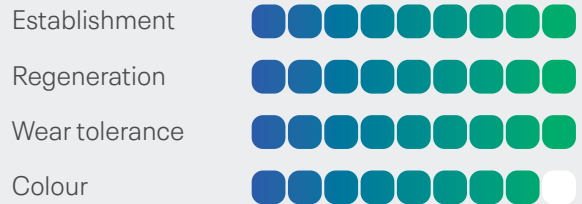

**Sowing Rate**

35-45 (g/m<sup>2</sup>)  
(25-35 when oversowing)

**Benefits**

Mid to dark green colour  
Disease resistance  
Good shade tolerance

**Ratings**

Longfellow 3 has a mid to dark green colour that blends well and will add factors of increased disease resistance and wear tolerance to the mix.

All ratings are based on European trial data.

Having used all DLF seed for the Orlando Country Club Golf Course in Palmerston North, the fantastic response and even establishment allowed us to open on time and with a beautifully presented course.

**Would absolutely recommend DLF Seeds to anyone establishing or renovating lawns, sports fields, or courses.**

Henry Lourie, Orlando Country Club, Palmerston North
